

## Intandem: Recording and Monitoring Goals

Functionality is available in Viewpoint to record and monitor goals.

You can enter and update a young person's objectives either through their own login to access **INTANDEM2**, in which case you will see a screen like this once logged in:

Or you can use your Viewpoint Administrator login to access **INTANDEM2** and the Viewpoint Management Centre and select User Management

Next in the menu on the left of the screen under **Users** select **Edit User Objectives**

You will then see the logins for the **mentees**. Select a mentee

Whether you access the Edit User Objectives via the young person's login or your Viewpoint Administrator's login, on the first occasion you want to enter Objectives, the screen will look like this

Edit User Objectives

Save and Exit  
Cancel

login atest2  
Forename   
Surname

[add objective](#)

First select [add objective](#) and this screen appears

login atest2  
Forename   
Surname

[add objective](#)

Objective	Primary SANNARI Indicator	Secondary SANNARI Indicator	Status	Comments	Added By	Added On
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>		

[add action](#)

Add an agreed objective of goal for example 'to go into town on my own', complete the SHANARRI outcomes, status = Agreed and add the date the objective was set up and any explanatory notes or comments. Do not add the mentee's name in the fields on the top left, but if it helps you can add their initials.

login LHtest4  
Forename L  
Surname H

[print objective\(s\)](#) [add objective](#)

Objective	Primary SHANARRI Indicator	Secondary SHANARRI Indicator	Tertiary SHANARRI Indicator	Status	Status Date (dd/mm/yyyy)	Comments	Added By	Added On
to go into town on my own	Active	Responsible	Achieving	Agreed	23/06/2018	this will be a great achievement for LH		

[add action](#)

The available options for the status box are: Agreed, Started, Complete and No Longer Relevant.

Each objective should only be Agreed once, when it is being first set up. At the end, it will also be marked as Complete or No Longer Relevant only once. The Started status should be used to add any comments on progress between Agreed and Complete.

[print objective\(s\)](#) [add objective](#)

Objective	Primary SHANARRI Indicator	Secondary SHANARRI Indicator	Tertiary SHANARRI Indicator	Status	Status Date (dd/mm/yyyy)	Comments	Added By	Added On
to go into town on my own	Active	Responsible	Achieving	Agreed	23/06/2018	this will be a great achievement for LH	Neil Blake (neilblake)	14/11/2018 10:15:32
				Started	08/07/2018	accompanied LH on the bus but he went upstairs	Neil Blake (neilblake)	14/11/2018 10:15:32

[add action](#)

You can add actions, their status and save at any time.

Progress is shown in the example below by the addition of a second action with status Started:
